PRESS RELEASE

E-TROLZ Establishes Corporate Offices
Lawrence, MA – March 15, 2005

E-TROLZ, Inc., a newly established innovator in measurement and control products for embedded applications, announced today the establishment of corporate offices at Heritage Place, 439 South Union Street, Suite 201, Lawrence, MA 01843. “We are pleased to inaugurate our new corporate location in Lawrence Massachusetts as the next step in establishing E-TROLZ as a leader in the embedded controls market” said Jim Robertson, Chairman and CEO of E-TROLZ. “Situated at the intersection of Interstates 495 and 93, this location provides us with easy access to our customer base as well as room for expansion as E-TROLZ continues to grow”. This refurbished historic mill building at Heritage Place supports technology companies leading the revitalization of The Immigrant City.

About E-TROLZ

E-TROLZ is a global technology leader in the commercialization of highly integrated real-time measurement and control products for embedded applications. Leveraging its proprietary Dual Partition TriCore Architecture, E-TROLZ’s products optimize real-time I/O and data management interoperability in a small portable form factor. E-TROLZ’s highly integrated products enable dramatic savings for customers in project development cost and time to market. Initially focused on the medical device market, E-TROLZ delivers measurement and control solutions incorporating portability, signal conditioning, and wireless communications expertise. More information about E-TROLZ is available at www.e-trolz.com.
