## PRESS RELEASE

### E-TROLZ Raises \$260,000 in Private Equity Round

Lawrence, MA – September 1, 2005

E-TROLZ, Inc., a newly established innovator in measurement and control products for embedded applications, announced today the successful completion of its first Private Placement investment round. “We are pleased to have exceeded our goal of \$250,000 in this first investment round” said Jim Robertson, Chairman and CEO of E-TROLZ. “This new capital investment will be used to accelerate our product development and sales and marketing capabilities”.

#### About E-TROLZ

E-TROLZ is a global technology leader in the commercialization of highly integrated real-time measurement and control products for embedded applications. Leveraging its proprietary Dual Partition TriCore Architecture, E-TROLZ’s products optimize real-time I/O and data management interoperability in a small portable form factor. E-TROLZ’s highly integrated products enable dramatic savings for customers in project development cost and time to market. Initially focused on the medical device market, E-TROLZ delivers measurement and control solutions incorporating portability, signal conditioning, and wireless communications expertise. More information about E-TROLZ is available at [www.e-trolz.com](http://www.e-trolz.com).
